

SIZE GUIDE

FIND YOUR SIZE.

Depending on which model you buy, the clothes will fit differently on your body. The Classic and Functional lines have a regular fit, Technical has a tight fit, and Technical Extreme has a slim fit. Check your body measurements against the guide below to find your right size. We recommend you to always try the garment on to ensure the best fit.

¹ Available in Classic Waist Trousers and Technical Waist Trousers.

² Available in Technical Waist Trousers.

³ Available in Technical Waist Trousers and Technical Extreme Waist Trousers.

⁴ Available in Technical Carpenter Trousers.

In general, Husqvarna carpenter trousers have a wider fit than the waist trousers.

Note! All measurements are body measurements, except the inner leg, which is a garment measurement. If a base layer is to be worn under the garment, it should also be worn when measuring. Chest: measured around the widest part of the chest. Height: from top to toe. Waist: measured around the waist. Inside leg: measured from crotch to desired length. All measurements are in centimeters.
