

Universe	Professional
Type	Verticality
Category	Lanyards and energy absorbers
Subcategory	Fall arrest lanyards

JANE-I

JANE-I is a non-adjustable dynamic rope lanyard that can be combined with an ABSORBICA energy absorber to make a single lanyard with energy absorber. The plastic sheath holds the carabiner in position and facilitates clipping while protecting the termination from abrasion. It can be used to set up a temporary anchor. It is available in three lengths: 60, 100 and 150 cm.

It can be combined with an ABSORBICA energy absorber to make a single energy-absorbing lanyard with a maximum length of two meters.

The plastic sheath holds the carabiner in position and facilitates clipping while protecting the termination from abrasion.

Short Description Single lanyard for making a fall arrest lanyard

Selling Points

- Non-adjustable dynamic rope lanyard that can be combined with an ABSORBICA energy absorber to make a single energy-absorbing lanyard with a maximum length of two meters
- Easy handling, thanks to the plastic sheath that holds the carabiner in position and facilitates clipping while protecting the termination from abrasion
- Offers several configurations for setting up a temporary anchor: directly to an anchor point or around a suitable structure
- Individual identification marking on plastic sheath, to track equipment throughout its lifespan
- Available in several lengths: 60, 100 and 150 cm

Specification

- Certification(s): CE EN 354, EN 795 type B, EAC, ANSI Z359.3; CSA Z259.11
- Material(s): polyester
